

AEROYACHT

EXCLUSIVELY FOR SALE

23 600 000 EUR EX TAX

The Aeroyacht, designed by Gregor Tarjan and the world famous multihull specialists Morelli & Melvi, will be built by Wally Yachts the world's leader of large advanced composite yachts. The yacht will have a special green focus with research being carried out into green energy improvements such as diesel electric propulsion, hydro, solar and wind generation, as well as new battery technology that will allow the yacht to run silently for hours at a time. Aeroyacht will be the ultimate high-performance, environmentally sensitive and supremely styled world traveller.

Builder:	Wally Yachts	LOA:	37.00m	Hull:	Carbon Fibre

AEROYACHT

EXCLUSIVELY FOR SALE

23 600 000 EUR EX TAX

The AeroYacht has a beam of 13.6m (44 feet) making it an incredibly stable platform when at anchor or under sail. The large beam will provide generous luxury living spaces for guests and the large sail plan should enable the yacht to reach speeds of 35 knots and travel hundreds of miles in a single day. The wide beam will also allow for a 7.5m rib to hang between the hulls enabling easy access to the shore.

EXCLUSIVELY FOR SALE

23 600 000 EUR EX TAX

Whilst still fully customisable the layout has been designed to maximise performance whether under sail or motor. All accommodation is located aft of the main beam which provides a high roll-pitch inertia, stunning sailing characteristics and greatly contributes to the comfort onboard. The salon is modular in conception and can be adapted to different styles and different functions, ranging from corporate events to an oasis for family relaxation.

Builder:	Wally Yachts	LOA:	37.00m	Hull:	Carbon Fibre

EXCLUSIVELY FOR SALE

23 600 000 EUR EX TAX

The volume of the interior space is truly amazing, with large open spaces creating a metropolitan loft-like living area and entertainment space. Whilst the interior and deck layout are still fully customisable for any new Owner the proposed layout of the salon is multipurpose and open plan featuring large, full length wide windows and glass sliding doors at each end providing 360 degree ocean views.

AEROYACHT

EXCLUSIVELY FOR SALE

23 600 000 EUR EX TAX

With a deck space larger than a tennis court there will be plenty of room for features such as wet-bars, an abundance of water toys and even an optional spa complete with waterfall. The aft cockpit provides plenty of space for al fresco dining and entertaining whilst a large composite bimini spans the area, providing protection from the elements. The aft deck can also feature fold-down beach club terraces, enabling easy access to the water:

An exciting and certainly groundbreaking feature is the optional addition of a 2-seater Icon A5 amphibian sports plane, which can be easily stored in the garage and makes an impressive alternative to the traditional tender. Unrivalled door-to-door service is provided by picking up guests from their jet and landing them only feet away from the waiting catamaran.

A truly modern yacht, the Aeroyacht will also be kind to the environment and fitted with an array of solar panels which allow the yacht to run silently. Though immensely resilient the yacht will be extremely light weight creating a nimble performance even in the lightest of breezes and therefore reduced fuel consumption. This will truly be an eco friendly Super Yacht of the 21st century.
